Risk Factors	For Risk Factors, please refer to paragraph on 'Risk Factors' in this document.

I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price/value/interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on the factors and forces affecting the capital market/bullion market.
- Past performance of the Sponsors/AMC/Mutual Fund does not guarantee the future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and the returns. Investors are therefore urged to study the terms of offer carefully and consult their Investment Advisor before they invest in the Scheme.
- The Sponsor is not responsible or liable for any loss or shortfall resulting from the operation of the Scheme beyond the initial contribution made by it of an amount of Rs. 1 Lac towards setting up of the Mutual Fund.
- The present Scheme is not a guaranteed or assured return Scheme.

Scheme Specific Risk Factors

Risks associated with investing in Equities

- a. Investments in the equity shares of the Companies are subject to price fluctuation on daily basis. The volatility in the value of equity is due to various micro and macro economic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- b. The NAVs of schemes investing in equity will fluctuate as the daily prices of the individual securities in which they invest fluctuate and the units when redeemed may be worth more or less than their original cost.
- c. The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or policies of any appropriate authority and other political and economic developments and closure of stock exchanges which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the units of the Scheme may fluctuate and can go up or down.
- d. Investors may note that Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.

- e. Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. Such securities, however, increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.
- f. The sector weightage in the scheme would be different from that in the Index. Because of this the scheme returns could be divergent from the Index returns and could also under-perform if the sector calls do not go right as expected by the fund management team.

Risk associated with Investing in Debt and money market instruments

The performance of the Scheme may be affected by changes in macroeconomic factors such as Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems.

Interest Rate/Price risk: This risk is associated with movements in interest rate, which depend on various factors such as government borrowing, inflation, economic performance etc. The values of investments will appreciate/depreciate if the interest rates fall/rise. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices generally increase. The extent of fall or rise in the prices depends upon factors such as coupon, residual maturity of the security, micro and macroeconomic scenario as well as the yield level at which the security is being traded.

Credit Risk/Default risk: Credit risk is the risk that the issuer of a debenture/ bond or a money market instrument may default on interest &/or principal payment obligations. This risk arises due to any uncertainty in counterparty's ability or willingness to meet its contractual obligations. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. Corporate bonds carry a higher credit risk than Government Securities. Within corporate bonds as well, there are different levels of safety. Credit risks of most issuers of debt securities are rated by independent and professionally run rating agencies. Ratings of Credit issued by these agencies typically range from "AAA" (read as "Triple A" denoting "Highest Safety") to "D" (denoting "Default"), with about 6 distinct ratings between the two extremes. A bond rated higher by a particular rating agency is safer than a bond rated lower by the same rating agency. The highest credit rating (i.e. lowest credit risk) commands a lower yield for the borrower. Conversely, a lower rated credit borrower would raise funds at a relatively higher cost. On account of a higher credit risk for lower rated borrowers, lenders prefer higher rated instruments further justifying the lower yields.

Re-investment Risk: Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

Counterparty Risk: This is the risk of failure of counterparty to the transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the scheme in case of counterparty default.

Inflation risk: Inflation, in most basic terms, erodes the purchasing power of money and also withers the value of existing investments; in other words, it reduces the purchasing power of a bond investor's future interest payments and principal, collectively known as "cash flows." Inflation also leads to higher interest rates, which in turn leads to lower bond prices.

Liquidity risk: The liquidity of a bond may change depending on market conditions leading to changes in the liquidity premium linked to the price of the bond. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio. There could therefore be difficulties in exiting from corporate bonds in times of uncertainties. Liquidity in a scheme therefore may suffer.

Liquidity Risk on account of unlisted securities: The liquidity and valuation of the Scheme investments due to their holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment. The unlisted security can go down in value before the divestment date and selling of these securities before the divestment date can lead to losses in the portfolio.

Settlement Risk: Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV.

Legislative Risk: Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Schemes.

Risk of Rating Migration: It may be noted that the price of a rated security would be impacted with the change in rating and hence, there is risk associated with such migration.

Risks associated with Investing/trading in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mis-pricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or

possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risk factors associated with processing of transaction in case of investors investing in mutual fund units through Stock Exchange Mechanism:

The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognized stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing / settlement, etc. upon which the Fund and the AMC have no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s) upon which the Fund and the AMC have no control. Accordingly, there could be negative impacts to the investors such as delay or failure in allotment / redemption of Units. The Fund and the AMC are not responsible for the negative impacts.

Risks associated with Securities Lending and Borrowing

Securities Lending and Borrowing (“SLB”) is an exchange traded product in India, with trades done on order matching platforms setup by the clearing corporation/house of recognized stock exchanges. In accordance with SEBI guidelines, there is a robust risk management system and safeguards exercised by the clearing corporation/house, which also guarantee financial settlement hence eliminating counterparty risk on borrowers.

The Scheme may participate as a lender in the SLB market and lend securities held in the portfolio for earning fees from such lending to enhance revenue of the Scheme. The key risk to the Scheme is creation of temporary illiquidity due to the inability to sell such lent securities, till the time such securities are returned on the contractual settlement date or on exercise of early recall.

In case the Scheme undertakes stock lending as prescribed in the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities lent. The Fund may not be able to sell such lent securities, and this can lead to temporary illiquidity.

Risks associated with segregated portfolio:

The unit holders may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in the segregated portfolio, the AMC shall enable listing of units of segregated portfolio on the recognized stock exchange.

The risks associated in regard to the segregated portfolio are as follows:

- The investors holding units of the segregated portfolio may not be able to liquidate their holdings till the time of recovery of money from the issuer.
- The security comprising the segregated portfolio may not realize any value.
- Listing of units of the segregated portfolio on a recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units of the segregated portfolio on the stock exchange.
- The trading price of units on the stock exchange may be significantly lower than the prevailing Net Asset Value (NAV) of the segregated portfolio.

Risks associated with Investing in Structured Obligation (SO) & Credit Enhancement (CE) rated securities:

The risk factors stated below for the Structured Obligations & Credit Enhancement are in addition to the risk factors associated with debt instruments.

- Credit rating agencies assign CE rating to an instrument based on any identifiable credit enhancement for the debt instrument issued by an issuer. The credit enhancement could be in various forms and could include guarantee, shortfall undertaking, letter of comfort, etc. from another entity. This entity could be either related or non-related to the issuer like a bank, financial institution, etc. Credit enhancement could include additional security in form of pledge of shares listed on stock exchanges, etc. SO transactions are asset backed/ mortgage backed securities, securitized paper backed by hypothecation of car loan receivables, securities backed by trade receivables, credit card receivables etc. Hence, for CE rated instruments evaluation of the credit enhancement provider, as well as the issuer is undertaken to determine the issuer rating. In case of SO rated issuer, the underlying loan pools or securitization, etc. is assessed to arrive at rating for the issuer.
- **Liquidity Risk:** SO rated securities are often complex structures, with a variety of credit enhancements. Debt securities lack a well-developed secondary market in India, and due to the credit enhanced nature of CE securities as well as structured nature of SO securities, the liquidity in the market for these instruments is adversely affected compared to similar rated debt instruments. Hence, lower liquidity of such instruments, could lead to inability of the scheme to sell such debt instruments and generate liquidity for the scheme or higher impact cost when such instruments are sold.
- **Credit Risk:** The credit risk of debt instruments which are CE rated is based on the combined strength of the issuer as well as the structure. Hence, any weakness in either the issuer or the structure could have an adverse credit impact on the debt instrument. The weakness in structure could arise due to inability of the investors to enforce the structure due to issues such as legal risk, inability to sell the underlying collateral or enforce guarantee, etc. In case of SO transactions, comingling risk and risk of servicer increases the overall risk for the securitized debt or assets backed transactions. Therefore apart from issuer level credit risk such debt instruments are also susceptible to structure related credit risk.

Risk factors associated with investment in Tri-Party Repo

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-

party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counter party risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).

As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Tri-party Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/ default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such requirement is not satisfied during the NFO of the Scheme, the Mutual Fund will endeavor to ensure that within a period of 3 (three) months from the start of the NFO, or by the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case a Scheme does not have a minimum of 20 (twenty) investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the Units would be redeemed at Applicable NAV. The two conditions mentioned above shall also be complied with within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI.

If there is a breach of the 25% limit by any investor over the calendar quarter, a rebalancing period of 1 (one) month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 (fifteen) days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 (fifteen) days would lead to automatic Redemption by the Mutual Fund at the Applicable NAV on the 15th day of the notice period without any Exit Load. The Mutual Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

C. SPECIAL CONSIDERATIONS, if any

Prospective investors should review/study Statement of Additional Information along with SID carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial/investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the subscriptions, gifting, acquisition, holding, disposal (sale, transfer,

redemption or conversion into money) of units and to the treatment of income (if any), capitalization, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalization, disposal (sale, transfer, redemption or conversion into money) of units within their jurisdiction/nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed funds to be used to purchase/gift units are subject, and also to determine possible legal, tax, financial or other consequences of subscribing/gifting to, purchasing or holding units before making an application for units.

Neither this SID nor the units have been registered in any jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or subject to registration and accordingly, any person who gets possession of this SID is required to inform themselves about, and to observe, any such restrictions. It is the responsibility of any persons in possession of this SID and any persons wishing to apply for units pursuant to this SID to inform themselves of and to observe, all applicable laws and Regulations of such relevant jurisdiction. Any changes in SEBI/Stock Exchange/RBI regulations and other applicable laws/regulations could have an effect on such investments and valuation thereof.

360 ONE Mutual Fund/AMC/ Trustee has not authorised any person to issue any advertisement or give any information or make any representations, either oral or written, not stated in this SID in connection with issue of Units under the Scheme. Prospective investors are advised not to rely upon any information or representations not incorporated in this SID as the same have not been authorised by the Fund or the AMC. Purchase or redemption made by any person on the basis of statements or representations which are not contained in this SID or which are not consistent with the information contained herein shall be solely at the risk of the investor. The investors are requested to check the credentials of the individual, firm or other entity they are entrusting his/her application form and payment to, for any transaction with the Fund. The Fund shall not be responsible for any acts done by the intermediaries representing or purportedly representing such investor.

If the units are held by any person in breach of the Regulations, law or requirements of any governmental, statutory authority including, without limitation, Exchange Control Regulations, the Fund may mandatorily redeem all the units of any unit holder where the units are held by a unit holder in breach of the same. The Trustee may further mandatorily redeem units of any unit holder in the event it is found that the unit holder has submitted information either in the application or otherwise that is false, misleading or incomplete.

If a unit holder makes a redemption request directly with the Fund immediately after purchase of units, the Fund shall have a right to withhold the redemption request till sufficient time has elapsed to ensure that the amount remitted by him (for purchase of units) is realized and the proceeds have been credited to the Scheme's Account. However, this is only applicable if the value of redemption is such that some or all of the freshly purchased units may have to be redeemed to effect the full redemption.

The tax benefits described in this SID and SAI are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India as on the date of this SID and the Unitholders should be aware that the relevant fiscal

rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his / her own professional tax advisor.

The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.

In case the AMC or its Sponsor or its Shareholders or their affiliates/associates or group companies make substantial investment, either directly or indirectly in the Scheme, Redemption of units by these entities may have an adverse impact on the performance of the Scheme. This may also affect the ability of the other Unitholders to redeem their units.

Additional business undertaken by AMC:

Pursuant to Regulation 24(b) of the SEBI (Mutual Funds) Regulations, 1996, SEBI vide its letter dated January 24, 2014 has given its No Objection to 360 ONE Asset Management Limited (360 ONE AMC) to undertake Investment Management and Advisory Services to the pooled assets including Alternative Investment Funds/Offshore Funds and to undertake Portfolio Management Services. II. INFORMATION ABOUT THE SCHEME

A. TYPE OF SCHEME

An open ended balanced scheme investing in equity and debt instruments.

B. INVESTMENT OBJECTIVE

The Investment Objective of the fund is to generate long term capital appreciation/income by investing in equity and debt instruments. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.

C. ASSET ALLOCATION

The investment policies of the Scheme shall be as per SEBI (Mutual Funds) Regulations, 1996, and within the following guidelines. Under normal market circumstances, the investment range would be as follows:

Instruments	%	Risk Profile
Equity or *Equity Related Instruments across market capitalization	40%-60%	High Risk
Debt and money market instruments#	40%- 60%	Low to Moderate Risk

*No Arbitrage would be permitted in this scheme

*Equity Related Instruments include convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares and such other instrument as may be specified by the Board from time to time.

#Money Market instruments includes commercial papers, commercial bills, treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

^ The Scheme may undertake stock lending, invest in debt derivatives, structured obligations and credit enhancements as per the following limits:

- The Scheme may take debt derivative positions for hedging purposes and shall not exceed 50% of the debt portfolio.
- Stock lending up to 20% of the net assets subject to 5% cap per single counter party subject to the SEBI (MF) Regulations and in accordance with Securities Lending Scheme, 1997, clause 12.11 of SEBI Master Circular dated May 19, 2023, and framework for short selling and borrowing and lending of securities notified by SEBI.
- Structured Obligations up to 10% of the debt portfolio of the scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:
 - a. Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
 - b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

In accordance with clause 12.24 of SEBI Master Circular dated May 19, 2023 the cumulative gross exposure through equity, debt, debt derivative positions, repo transactions, should not exceed 100% of the net assets of the scheme.

Pursuant to clause 12.25 of SEBI Master Circular dated May 19, 2023 and SEBI Letter to AMFI dated November 03, 2021, Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. Cash Equivalent shall consist of the following securities having residual maturity of less than 91 days:

- a) Government Securities;
- b) T-Bills; and
- c) Repo on Government securities

The Scheme will not participate in foreign securities, equity linked debentures, equity derivatives, preference shares, Real Estate Investment Trusts (REITs) and Infrastructure Investment Trusts (InvITs), repo transactions of Corporate Debt Securities, credit default swaps, securitized debt, debt instruments with special features as specified in clause 12.2 of SEBI Master Circular dated May 19, 2023.

Pending deployment of the funds as per the investment objective of the Scheme, the funds of the Scheme may be parked in short term deposits of the scheduled commercial banks, subject to the guidelines and limits specified by clause 12.16 and 4.5 of SEBI Master Circular dated May 19, 2023 as amended from time to time.

Change in Asset Allocation

The Scheme may review the above pattern of investments/ asset allocation based on views on equity markets, interest rates and asset liability management needs. However, at all times the portfolio will adhere to the overall investment objectives and asset allocation pattern of the Scheme. Subject to the Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations, legislative amendments and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. These proportions can vary substantially depending upon the perception of the fund manager; the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and for defensive considerations only.

Rebalancing due to Short Term Defensive Consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per clause 1.14.1.2 (b) of SEBI Master Circular dated May 19, 2023, and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Rebalancing due to Passive Breaches:

Further, as per clause 2.9 of SEBI Master Circular dated May 19, 2023, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in clause 2.9 of SEBI Master Circular dated May 19, 2023.

Debt Market Overview

The Indian Debt Market has grown in size substantially over the years. The Reserve Bank of India has been taking steps to make the Indian Debt Market efficient and vibrant. Broadly, the debt market is divided in two parts viz. the Money Market and the Debt market. Money market instruments have a tenor of less than one year while debt market instruments have a tenor of more than one year. Money market instruments are typically commercial paper, certificates of deposit, treasury bills, TREPS (Tri Party Repo Dealing System) etc. Debt market comprises typically of securities issued by Governments (Central and State), Banks, Financial Institutions, and Companies in the private and public sector, Corporations, Statutory Bodies etc.

The trading in Government securities and Treasury Bills is mainly done through the OMS (Order Matching System) introduced by CCIL and RBI's NDS PDO. Other debt securities like corporate bonds and money market instruments are mainly traded over the counter (OTC), where counterparties deal directly or through broker platforms. FIMMDA Trade Reporting and Confirmation System (F-TRAC) is used for capturing/ reporting of trades in certificate of deposit, commercial paper and outright corporate bonds trades in secondary market and (iii) repo transactions in corporate bonds. The National Stock Exchange of India Limited has a separate trading platform called the Wholesale Debt Market segment where trades put through member brokers are reported. BSE (Bombay Stock Exchange) also has a similar platform.

CCIL (Clearing Corporation of India) have set up platform for lending and borrowing through the TREPS (Tri Party Repo Dealing System) dealing system and CROMS (Repo Order Matching system). TREPS facilitates, borrowing and lending of funds, in Triparty Repo arrangement. CCIL is the central counterparty to all trades from Tri Party Repo Dealing System (TREPS) and also performs the role and responsibilities of Triparty Repo Agent, as, in terms of Repurchase Transactions (Repo) (Reserve Bank) Directions, 2018 and as amended from time to time by RBI. These dealing systems have been fairly successful and in addition to the call money market account for bulk of the overnight lending and borrowing activities of market participants for short term surpluses. Promoted by major banks and financial institutions, The Clearing Corporation of India Limited (CCIL) was incorporated on April 30, 2001. The CCIL guarantees the settlement of all trades executed through NDS. The clearing and settlement risks viz., Counter party Credit Risk and Operational Risk are mitigated by CCIL thereby facilitating a smooth settlement process.

The following table gives approximate yields prevailing as on on some of the money and debt market instruments. These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing. RFQ is the latest platform added to the wholesale debt market which provides online dealing in corporate bonds between bond investors, further it is also integrated in NDS-OM system. OIS through CCIL acts as good hedging tool for investors where compared to past now CCIL acts as an counterparty both sides hence removing the counter-party risk. Lot of global practice in risk management and Debt IPO of bonds are now conducted in a more transparent manner with better efficiency and bigger participation across the investor class.

Instruments	Yield (% per annum)
TREPS	7.70 – 7.80
91 Day Treasury Bill	6.80 – 6.90
364 Day Treasury Bill	7.05 – 7.15
1 Year CD	7.50 – 7.60
1 Year CP	7.70 – 7.80
5 -Year Government of India Security	7.30 – 7.40
10-Year Government of India Security	7.30 – 7.40

Types of securities

There are variety of securities and products available in the debt market. Let us try and understand the nature of some of the most prominent products in the Indian economy.

- **G-Sec (government securities):** G-Secs in India currently have a face value of ` 100/- and are issued by the RBI on behalf of the Government of India. All G-Secs are normally coupon (Interest rate) bearing and have semiannual coupon or interest payments with tenure of between 5 to 30 years. This may change according to the structure of the Instrument.
- **SDLs (State Development Loans):** SDLs are issuance of respective states in order to manage finances of their own state. All the features of SDLs are similar to G-Sec except that normally they are issued for maximum maturity of 10 Years and their pricing considers fiscal health of the respective states and risk element associated therein. For this reason SDLs are issued/traded at market determined spread above the corresponding benchmark G-Sec.
- **benchmark G-Sec. Treasury Bills/Cash Management Bills (CMB):** Treasury Bills are for short-term instruments issued by the RBI for the Government for financing the temporary funding requirements and are issued for maturities of 91 Days, 182 Days and 364 Days, whereas CMBs are issued for maturity below 91 days. T-Bills/ CMBs have a face value of ` 100 but have no coupon (no interest payment). T-Bills are instead issued at a discount to the face value (say @ ` 95) and redeemed at par (` 100). The difference of ` 5 (100 - 95) represents the return to the investor obtained at the end of the maturity period.
- **Commercial Paper:** Commercial Paper (CP) is an unsecured money market instrument issued by corporates in the form of a promissory note.
- **Certificate of Deposit:** Certificate of Deposit (CD) is a negotiable money market instrument issued by banks in dematerialised form or as Usance Promissory Note in the form of a promissory note.
- **Fixed Rate Bonds:** This is the most popular type of corporate bond traded in most of the markets, paying a semiannual but fixed coupon over their life and the principal at the end of the maturity.
- **Floating Rate Bonds:** These are the bonds, even if the coupon of which are usually paid semi annually, the coupon rate is not fixed throughout the life and varies over time with reference to some benchmark rate. These types of bonds may have some Floor or Cap attached on it, representing that even if the benchmark rate changes by any value, the coupon rate even if floating but will always lie within the range of Floor and Cap rate. Some of the well known benchmark rates used in Indian market are MIBOR, Call Rate, T-bill rate, PLR, etc.
- **Debentures:** Debentures are also fixed interest debt instruments with different maturity, but is usually secured in nature and therefore offer slower interest comparative to bonds. Debentures, based on their convertibility to the form of equity, can be of three types: Non Convertible (NCD), Partially Convertible (PCD), and Fully Convertible Debenture (FCD).
- **Tax-saving infrastructure Bonds:** In order to facilitate infrastructure financing through the bond route, some special types of taxfree bonds, issued by some infrastructure companies, are offered to the investors.

- **Zero Coupon Bonds:** Zero Coupon Bonds (ZCBs) are issued at a discount to their face value and the principal/face value is repaid to the holders at the time of maturity. Instead of paying any periodic coupons, the ZCB holder gets the price discount in the beginning itself. Therefore, ZCBs are alternatively known as Deep Discount Bonds. Treasury Bills and CMBs are example of Zero Coupon Bonds.

D. INVESTMENT BY THE SCHEME

Investment in Equities and equity related instruments

The scheme shall invest into equities and equities related instruments as per limit specified in the asset allocations subject to permissible limits laid under SEBI (MF) regulations.

Investment in Debt and money market instrument: The Scheme may also invest in debt and money market instruments, in compliance with Regulations to meet liquidity requirements. The scheme may also invest in liquid schemes of 360 ONE Mutual Fund (Formerly known as IIFL Mutual Fund) or other schemes which has objective to invest in debt and money market instruments. Money Market Instruments include but not limited to:

Certificate of Deposit (CD) is a negotiable money market instrument issued by scheduled commercial banks and select all-India Financial Institutions that have been permitted by the RBI to raise short term resources. The maturity period of CDs issued by the Banks is between 7 days to one year, whereas, in case of FIs, maturity is one year to 3 years from the date of issue.

Commercial Paper (CP): Commercial Paper (CP) is an unsecured negotiable money market instrument issued in the form of a promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. CP is traded in secondary market and can be freely bought and sold before maturity.

Repo of Government Securities: Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds.

Treasury Bill (T-Bill): Treasury Bills (T-Bills) are issued by the Government of India or State Governments to meet their short term borrowing requirements. T-Bills are issued for maturities of 91 days, 182 days and 364 days. T-Bills are issued at a discount and for a fixed period.

Tri-party repo (TREPS): Tri-party repo is a type of repo contract where a third entity (apart from the borrower and lender), called a Tri-Party Agent, acts as an intermediary between the two parties to the repo to facilitate services like collateral selection, payment and settlement, custody and management during the life of the transaction.

Securities created and issued by the Central and State Governments as may be permitted by RBI, securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). State Government securities (popularly known as State Development Loans or SDLs) are issued by the respective State Government in co-ordination with the RBI.

Non-convertible debentures and bonds: Non-convertible debentures as well as bonds are securities issued by companies / Institutions promoted /owned by the Central or State Governments and statutory bodies which may or may not carry a Central/State Government guarantee, Public and private sector banks, all India Financial Institutions and Private Sector Companies. These instruments may be secured or unsecured against the assets of the Company and generally issued to meet the short term and long term fund requirements. The Scheme may also invest in the non-convertible part of convertible debt securities.

Floating rate debt instruments: Instruments issued by Central / state governments, corporates, PSUs, etc. with interest rates that are reset periodically.

Investment in Short Term Deposits

Pending deployment of funds as per the investment objective of the Scheme, the funds may be parked in short term deposits of Scheduled Commercial Banks, subject to guidelines and limits specified by SEBI.

The aforementioned securities may be acquired through Initial Public Offering (IPOs), secondary market, private placement, rights offers, negotiated deals. Further investments in debentures, bonds and other fixed income securities will be in instruments which have been assigned investment grade rating by the Credit Rating Agency.

Investment in unrated debt instruments shall be subject to complying with the provisions of the Regulations and within the limit as specified in Schedule VII to the Regulations.

The securities / instruments mentioned above and such other securities the Scheme is permitted to invest in could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity subject to investment limits specified elsewhere in this document as prescribed under SEBI Regulations.

The Fund Manager reserves the right to invest in such securities as may be permitted from time to time and which are in line with the investment objectives of the Scheme.

Investment in Derivatives:

Derivative positions for hedging purposes shall not exceed 50% of debt portfolio.

E. INVESTMENT STRATEGIES

360 ONE Balanced Hybrid Fund endeavours to meet its objectives mainly from asset allocation across asset classes. This approach will help reduce the risk of tracking the individual asset classes. Based on historical observations, these asset classes exhibit very different risk return profiles and a low correlation to each other. Both debt and equity tend to outperform each other on a relative risk adjusted basis under different market conditions. The fund strategy is based on the persistence of such outperformance over longer periods. The Scheme will allocate higher weight to the asset class that is relatively favourable under the prevailing market and economic conditions. The fund manager will aim for superior risk adjusted returns over long time periods.

For Equity Portion:

The Equity portion of the scheme will invest in stocks across market capitalization with no market cap bias. The Scheme will follow a bottom-up approach to stock-picking and choose companies across sectors/styles without any bias.

The scheme intends to follow SCDV Framework along with internal (financial analysis, corporate governance checks, risk reward evaluation, etc) and external analysis (conferences, investor presentations, management interaction, primary visits across supply chain, etc) for security selection.

Our key investment framework is illustrated in the diagram below. Securities are classified into 4 categories based on their PAT (Profit After Tax) growth and ROE (Return on Equity).

a) **Secular:** Companies delivering 15% PAT and ROE growth rates, playing out India’s secular upward growth shift e.g. financial services, consumer discretionary, auto and auto ancillaries.

b) **Cyclicals:** High growth companies which typically have high capital expenditures and hence a lower ROE e.g. Infrastructure, logistics, capital goods. These have relatively higher sensitivity to business and economic cycles

c) **Defensive:** Companies that have high ROE and lower growth rates, low capital expenditures and sensitivity to business cycles, but that provide a cushion to returns during downturns e.g. consumer staples, healthcare

d) **Value Traps:** Companies that register low growth rates and ROE, which are typically avoided across public equity strategies

For Debt Portion:

The scheme will seek to flexibly manage its investment across the maturity spectrum with a view to optimize the risk return proposition for the investors. The scheme will design portfolio which will dynamically track interest rate movements in the short term by reducing duration in a rising rate environment while increasing duration in a falling interest rate environment. In order to maximize returns the fund managers may look at curve spread both on gilt as well as the corporate bond markets to gain maximum value out of any security(s). The Fund Manager has the discretion to take aggressive interest rate / duration risk calls, which could mean investing the entire net assets in long dated Government securities and debt instruments (carrying relatively higher interest rate risk), or on defensive considerations, entirely in money market instruments. Accordingly, the interest rate risk of the Scheme may change substantially depending upon the Fund's call.

The Scheme does not propose to underwrite issuances of securities of other issuers. The Scheme would invest in debt securities of companies based on various criteria like sound professional management, Sound track record, industry scenario, growth prospects, liquidity of the securities, etc. The Scheme will emphasize on well managed, good quality companies with above average growth prospects whose securities can be purchased at a good yield and whose debt securities are rated above the Investment grade by a recognised authority like The Credit Rating and Information Services of India Limited (CRISIL), ICRA Limited, Credit Analysis and Research Limited (CARE) etc. Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by the scheme shall be subject to the following:

- a. Investments should only be made in such instruments, including bills rediscounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
- b. Exposure of the scheme in such instruments, shall not exceed 5% of the net assets of the scheme.
- c. All such investments shall be made with the prior approval of the Board of AMC and the Board of Trustees.

The Scheme may use derivatives instruments like Interest Rate Swaps, Forward Rate Agreements or such other derivative instruments as may be introduced from time to time for the purpose of hedging and portfolio balancing and as may be permitted under the Regulations and guidelines. The Scheme shall under normal circumstances not have exposure of more than 50% of its debt portfolio in derivative instruments.

“Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be

pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies”.

“The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments”.

The risks associated with derivatives are similar to those associated with underlying investments. The additional risks of using derivative strategies could be on account of:

- Illiquidity;
- Potential mis - pricing of the Futures/Options;
- Lack of opportunity;
- Inability of derivatives to correlate perfectly with the underlying (Indices, Assets, Exchange Rates);
- Cost of hedge can be higher than adverse impact of market movements;
- An exposure to derivatives in excess of the hedging requirements can lead to losses;
- An exposure to derivatives can also limit the profits from a genuine investment transaction;
- The prices which are seen on the screen need not be the same at which execution will take place

For detailed risks associated with use of derivatives, please refer paragraph “Scheme Specific Risk Factors”

Concepts and Examples of derivatives which may be used by the fund manager:

The Scheme may use Derivative instruments like interest rate swaps like overnight indexed swaps (OIS), forward rate agreements, interest rate futures or such other Derivative instruments as may be permitted under the applicable regulations. Derivatives will be used for the purpose of hedging, and portfolio balancing or such other purpose as may be permitted under the regulations and guidelines from time to time.

The Fund will be allowed to take exposure in interest rate swaps only on a non-leveraged basis. A swap will be undertaken only if there is an underlying asset in the portfolio. In terms of circular no. MFD.BC.191/07.01.279/1999-2000 and MPD.BC.187/07.01.279/1999- 2000 dated November 1, 1999 and July 7, 1999 respectively issued by RBI permitting participation by Mutual Funds in interest rate swaps and forward rate agreements, the Scheme will use Derivative instruments for the purpose of hedging and portfolio balancing. The Scheme may also use derivatives for such purposes as maybe permitted from time to time. Further, the guidelines issued by RBI from time to time for forward rate agreements and interest rate swaps and other derivative products would be adhered to by the Mutual Fund.

IRS and FRAs do also have inherent credit and settlement risks. However, these risks are substantially reduced as they are limited to the interest streams and not the notional principal amounts.

Investments in Derivatives will be in accordance with the extant SEBI Regulations / guidelines. Presently Derivatives shall be used for hedging and / or portfolio balancing purposes, as permitted under the Regulations. The circumstances under which such transactions would be entered into would be when, for example using the IRS route it is possible to generate better returns / meet the objective of the Scheme at a lower cost.

e.g. if buying a 2 Yr MIBOR based instrument and receiving the 2 Yr swap rate yields better return than the 2 Yr AAA corporate, the Scheme would endeavor to do that. Alternatively, the Scheme would also look to hedge existing fixed rate positions if the view on interest rates is that it would likely rise in the future.

The following information provides a basic idea as to the nature of the Derivative instruments proposed to be used by the Scheme and the benefits and risks attached therewith. Please note that the examples have been given for illustration purposes only.

Using Overnight Indexed Swaps

In a rising interest rate scenario, the Scheme may enhance returns for the Investor by hedging the risk on its fixed interest paying assets by entering into an OIS contract where the Scheme agrees to pay a fixed interest rate on a specified notional amount, for a pre determined tenor and receives floating interest rate payments on the same notional amount. The fixed returns from the Scheme assets and the fixed interest payments to be made by the Scheme on account of the OIS transaction offset each other and the Scheme benefits on the floating interest payments that it receives. The Scheme may enter into an opposite position in case of a falling interest rate scenario, i.e. to hedge the floating rate assets in its portfolio the Scheme enters into an OIS transaction wherein it receives a fixed interest rate on a specified notional amount for a specified time period and pays a floating interest rate on the same notional amount. The floating interest payments that the Scheme receives on its floating rate securities and the floating interest payments that the Scheme has to pay on account of the OIS transaction offset each other and the Scheme benefits on the fixed interest payments that it receives in such a scenario.

Swap

Assume that the Scheme has a Rs. 20 crore floating rate investment linked to MIBOR (Mumbai Inter Bank Offered Rate). Hence, the Scheme is currently running an interest rate risk and stands to lose if the interest rate moves down. To hedge this interest rate risk, the Scheme can enter into a 6 month MIBOR swap. Through this swap, the Scheme will receive a fixed predetermined rate (assume 12%) and pays the “benchmark rate” (MIBOR), which is fixed by the NSE or any other agency such as Reuters. This swap would effectively lock-in the rate of 12% for the next 6 months, eliminating the daily interest rate risk. This transaction is usually routed through an intermediary who runs a book and matches deals between various counterparties.

The steps will be as follows:

Assuming the swap is for Rs. 20 Crores for June 1, 2009 to December 1, 2009. The Scheme is a fixed rate receiver at 12% and the counterparty is a floating rate receiver at the overnight rate on a compounded basis (say NSE MIBOR).

On June 1, 2009 the Scheme and the counterparty will exchange only a contract of having entered this swap. This documentation would be as per International Swap Dealers Association (ISDA) norms.

On a daily basis, the benchmark rate fixed by NSE will be tracked by them.

On December 1, 2009 they will calculate the following:

- The Scheme is entitled to receive interest on Rs. 20 Crores at 12% for 184 days i.e. Rs. 1.21 Crores, (this amount is known at the time the swap was concluded) and will pay the compounded benchmark rate.
- The counterparty is entitled to receive daily compounded call rate for 184 days & pay 12% fixed.
- On December 1, 2009, if the total interest on the daily overnight compounded benchmark rate is higher than Rs. 1.21 Crores, the Scheme will pay the difference to the counterparty. If the daily compounded benchmark rate is lower, then the counterparty will pay the Scheme the difference.
- Effectively the Scheme earns interest at the rate of 12% p.a. for six months without lending money for 6 months fixed, while the counterparty pays interest @ 12% p.a. for 6 months on Rs. 20 Crores, without borrowing for 6 months fixed.

The above example illustrates the use of Derivatives for hedging and optimizing the investment portfolio. Swaps have their own drawbacks like credit risk, settlement risk.

However, these risks are substantially reduced as the amount involved is interest streams and not principal.

Forward Rate Agreement

Assume that on June 30, 2009, the 30 day Commercial Paper (CP) rate is 4% and the Scheme has an investment in a CP of face value Rs. 50 Crores, which is going to mature on July 31, 2009. If the interest rates are likely to remain stable or decline after July 31, 2009, and if the fund manager, who wants to re-deploy the maturity proceeds for 1 more month does not want to take the risk of interest rates going down, he can then enter into a following Forward Rate Agreement (FRA) say as on June 30, 2009: He can receive 1 X 2 FRA on June 30, 2009 at 4.00% (FRA rate for 1 months lending in 1 months time) on the notional amount of Rs. 50 Crores, with a reference rate of 30 day CP benchmark. If the CP benchmark on the settlement date i.e. July 30, 2009 falls to 3.75%, then the Scheme receives the difference 4.00 – 3.75 i.e. 25 basis points on the notional amount Rs. 50 Crores.

Interest Rate Futures

Assume that the Scheme holds an Indian ten year benchmark and the fund manager has a view that the yields will go up in the near future leading to decrease in value of the investment and subsequent decrease in Net Asset Value of the Scheme. The fund manager decides to use Interest Rate Futures to mitigate the risk of decline of Net Asset Value of the Scheme.

12th October 2009

- The benchmark ten year paper 6.88 2009, is trading at INR 98.00 at a yield of 7.19%.
- December 2009 futures contract on the ten year notional 7% coupon bearing Government paper is trading at a yield of 7.29% at a price of INR 98.50.
- The mutual fund decides to hedge the exposure by taking a short position in December 2009 interest rate futures contract.

25th November 2009

- As expected by the fund manager the yield of the benchmark ten year paper has increased to 8% and the price has decreased to 92.70.
- The December 2009 futures contract is trading at a price of INR 93.17 indicating a yield of 8.05%
- The mutual fund unwinds the short position by buying the December 2009 futures contract. The transaction results in profit from the futures position, against the corresponding loss from the Government of India security position.

All investments made by the Scheme will be made in accordance with SEBI (Mutual Fund) Regulations, 1996, as amended from time to time. The AMC will follow a structured investment process in order to identify the best securities for investment and has developed an internal research framework for consistently examining all securities. The aim of the Investment Manager will be to achieve optimal returns with high credit quality portfolio. The actual percentage of investment in various fixed income securities will be decided after considering the prevailing market conditions, the macroeconomic environment (including interest rates and inflation), the performance of the corporate sector and general liquidity and other considerations in the economy and market.

The credit quality of the portfolio will be maintained and monitored using in-house research capabilities as well as inputs from external sources such as independent credit rating agencies. The investment team will primarily use a bottom up approach to assess the quality of the security/instrument (including the financial health of the issuer) as well as the liquidity of the security.

Investment /Credit evaluation Fund Manager shall take a view on the broad direction of the market including interest rate outlook. While monitoring credit quality of the portfolio, the investment team shall evaluate each credit before inclusion into the Scheme portfolio. Following factors are considered while evaluating investment and credit of debt and other instruments.

- Liquidity of instrument
- Credit rating of instrument
- Credit spread
- Issuer of instruments and sectors it belongs to
- Credit Quality as determined by analyzing its financial statements
- Aggregate Exposure to the issuer
- Exposure of other Funds

Risk Mitigation

Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. Further, AMC has put in place a Front Office System for managing risk. The system has incorporated the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

Risk control measures with respect to investment Equity and Equity related instruments

Concentration Risk: Concentration risk represents the probability of loss arising from heavy exposure to a particular group of sectors or securities.

Mitigation: The scheme will try to mitigate this risk by diversifying the investment into the large number of companies and keep stock-specific concentration risk relatively low.

Market Risk: Equity and Equity related securities by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors.

Mitigation - Market risk is a risk which is inherent to an equity scheme. The scheme will try to reduce the market risk by undertaking active portfolio management as per the investment objective.

Liquidity risk: The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods

Mitigation- As such the liquidity of stocks that the scheme invests into could be relatively low. The scheme will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time.

Risk control measures with respect to Debt & Money Market Instruments

Market Risk / Interest Rate Risk: Changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. The price movement up and down in fixed income securities will lead to possible movements in the NAV.

Mitigation - In a rising interest rates scenario the scheme may increase its investment in money market securities whereas if the interest rates are expected to fall the allocation to debt securities with longer maturity may be increased thereby mitigating risk to that extent.

Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM).

Mitigation- The scheme may invest in government securities, corporate bonds and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in case of medium to long maturity corporate bonds.

Credit risk or default risk: It refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Normally, the value of a

fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Mitigation—As part of the due diligence, management's past track record will also be studied. In order to assess financial risk a detailed assessment of the issuer's financial statements will be undertaken to review its ability to undergo stress on cash flows and asset quality. A detailed evaluation of accounting policies, off-balance sheet exposures, notes, auditors' comments and disclosure standards will also be made to assess the overall financial risk of the potential borrower. In case of securitized debt instruments, the Scheme will ensure that these instruments are sufficiently backed by assets.

Risk control with respect to derivatives

As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The Scheme may invest in derivative for the purpose of hedging, portfolio balancing and other purposes as may be permitted under the Regulations.

Mitigation- Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. All equity derivatives trade will be done only on the exchange with guaranteed settlement.

Portfolio Turnover

The Scheme, being an open-ended diversified Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. However, it is difficult to measure with reasonable accuracy the likely turnover in the portfolio of the Scheme.

The portfolio may be churned in order to take advantage of movements in the securities market and to maximize the average returns on the portfolio while maintaining a desirable risk profile and adequate liquidity.

F. FUNDAMENTAL ATTRIBUTES

Following are the fundamental attributes of the Scheme, in terms of Regulation 18(15A) of the SEBI Regulations:

- I. **Type of Scheme:** An open ended balanced scheme investing in equity and debt instruments.
- II. **Investment Objective:**
 - Investment objective: Please refer section of 'Investment Objective'.
 - Investment pattern - Please refer section of 'Asset Allocation'.
- III. **Terms of Issue:** Terms of Issue relating to:
 - **'Listing, repurchase, redemption of units':** Please refer section of Listing on Page No. 57 & Redemption Process on Page No. 62

- **‘Aggregate fees and expenses’:** Please refer Section on ‘Annual Scheme Recurring Expenses’.
- **‘Safety Net or Guarantee’:** The Scheme does not provide any guaranteed or assured return

In accordance with Regulation 18(15A) of the Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme and Plan(s)/Option(s) thereunder or the trust or fees and expenses payable or any other change which would modify the Scheme and the Plan(s)/Option(s) thereunder and affect the interest of the Unit Holders will be carried out unless:

- SEBI has reviewed and provided its comments on the proposal;
- A written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a Marathi daily newspaper with wide circulation published in Mumbai (as the head office of the Fund is situated there); and
- The Unit holders are given an option to exit for a period of 30 days to exit at the prevailing Net Asset Value without any Exit Load.

G. BENCHMARK INDEX

The performance of the Scheme is benchmarked against the Nifty 50 Hybrid Composite Debt 50:50 Index. Nifty 50 Hybrid Composite Debt 50:50 Index is a broad-based index and its composition broadly represents the Scheme’s investment universe.

As required under clause 1.9 of SEBI master circular dated May 19, 2023, the benchmark has been selected from amongst those notified by AMFI as the first-tier benchmark to be adopted by mutual funds and which are reflective of the category of the scheme.

The Trustee/AMC reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, after obtaining relevant approval from SEBI.

I. INVESTMENT RESTRICTIONS

The following investment limitations and other restrictions, inter-alia, as contained in the Trust Deed and the Regulations apply to the Scheme:

- Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities. **Provided** that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board.
- A scheme may invest in another scheme, under the same AMC or any other mutual fund provided that the aggregate inter-scheme investments made by all schemes under the same AMC or any other mutual fund shall not exceed 5% of the net assets of the Fund or any other limit as prescribed by the Regulations from time to time. The AMC is not permitted by the Regulations to charge any investment management and advisory services fee on such investments.
- Pending deployment of the corpus of the Scheme in securities in terms of investment objective, the Fund can invest the corpus of the Scheme in short term deposits of scheduled commercial banks as per the guidelines given in clause 12.16 and 4.5 of SEBI master Circular dated May 19, 2023. The AMC shall not charge any investment management and advisory fees for parking of funds in such short-term deposits of scheduled commercial banks for the scheme.
- The Scheme shall not make any investment in: a) any unlisted security of an associate or group company of the Sponsor; or b) any security issued by way of private placement by any associate or group company of the Sponsor; or c) the listed securities of group companies of the Sponsor in excess of 25% of its net assets.
- The Scheme shall not invest in any Fund of Funds Scheme.
- Investments of the Scheme, together with the investments of other schemes of the Fund in share capital of any company shall not exceed 10% of that company's paid-up capital carrying voting rights. For the purpose of determining the above limit, gross long position, which will be a combination of positions of the underlying securities and stock derivatives, will be considered.
- The Scheme shall only invest in equity shares and equity related instruments provided such securities are listed or to be listed.

- Wherever investments are intended to be of a long-term nature, the securities shall be purchased or transferred in the name of the Fund, on account of the Scheme concerned.

Investment restrictions relating to investment in debt and money market instruments;

- As per clause 12.8 of SEBI Master Circular dated May 19, 2023, A mutual fund scheme shall not invest more than:
 - a. 10% of its NAV in debt and money market securities rated AAA; or
 - b. 8% of its NAV in debt and money market securities rated AA; or
 - c. 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.
- The Scheme shall not invest in unlisted debt instruments including commercial papers, except (a) Government Securities and (b) other money market instruments which are used by mutual funds for hedging. Provided further, the Scheme may invest in unlisted nonconvertible debentures (NCDs) not exceeding 10% of the debt portfolio of the scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis. Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

Provided further that, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund scheme shall be subject to the following:

- a. Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
 - b. Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
 - c. All such investments shall be made with the prior approval of the Board of AMC and the Board of trustees.
- The Scheme's total exposure in a particular sector (excluding investments in Bank CDs, TREPS, Government Securities, T-Bills and AAA rated securities issued by Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the Scheme;

Provided that an additional exposure to financial services sector (over and above the limit of 25%) not exceeding 10% of the net assets of the Scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only. Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio/ an affordable housing loan portfolio.

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total Investment/exposure in HFCs shall not exceed 20% of the net assets of the Scheme.

- Transfer of investments from one scheme to another scheme in the same Mutual Fund, shall be allowed only if:
 - (a) such transfers are made at the prevailing market price for quoted Securities on spot basis (spot basis shall have the same meaning as specified by Stock Exchange for spot transactions.
 - (b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made and
 - (c) the Transfer is in conformity with additional safeguards as prescribed by clause 12.30 of SEBI Master Circular dated May 19, 2023.
- Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments as specified under Clause 1 and 1 A of Seventh Schedule to the Regulations.
- No term loans for any purpose may be advanced by the Fund and the Fund shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of repurchase, redemption of Units or payment of interest or IDCWs to Unit Holders, provided that the Fund shall not borrow more than 20% of the net assets of the Scheme and the duration of such a borrowing shall not exceed a period of six months.

Investment restrictions relating to derivative investments:

In accordance with SEBI circulars dated September 14, 2005, January 20, 2006, September 22, 2006 and clause 12.25 of SEBI Master circular dated May 19, 2023, the following conditions shall apply to the Scheme's participation in the derivatives market. Please note that the investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time.

Clause 12.25 of SEBI Master circular dated May 19, 2023 have prescribed the following investment restrictions w.r.t. investment in derivatives:

i. Mutual Funds may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.

ii. To reduce interest rate risk in a debt portfolio, mutual funds may hedge the portfolio or part of the portfolio (including one or more securities) on weighted average modified duration basis by using Interest Rate Futures (IRFs). The maximum extent of short position that may be taken in IRFs to hedge interest rate risk of the portfolio or part of the portfolio, is as per the formula given below:

$$\frac{(\text{Portfolio Modified Duration} * \text{Market Value of the Portfolio})}{(\text{Futures Modified Duration} * \text{Futures Prices/PAR})}$$

iii. In case the IRF used for hedging the interest rate risk has different underlying security(s) than the existing position being hedged, it would result in imperfect hedging.

iv. Imperfect hedging using IRFs may be considered to be exempted from the gross exposure, upto maximum of 20% of the net assets of the scheme, subject to the following:

a. Exposure to IRFs is created only for hedging the interest rate risk based on the weighted average modified duration of the bond portfolio or part of the portfolio.

b. Mutual Funds are permitted to resort to imperfect hedging, without it being considered under the gross exposure limits, if and only if, the correlation between the portfolio or part of the portfolio (excluding the hedged portions, if any) and the IRF is atleast 0.9 at the time of initiation of hedge. In case of any subsequent deviation from the correlation criteria, the same may be rebalanced within 5 working days and if not rebalanced within the timeline, the derivative positions created for hedging shall be considered under the gross exposure computed in terms of Para 3 of SEBI circular dated August 18, 2010. The correlation should be calculated for a period of last 90 days.

v. The cumulative gross exposure through equity, debt and derivative positions will not exceed 100% of the net assets of a Scheme.

vi. A Scheme cannot write options or purchase instruments with embedded written options.

vii. In case a Scheme invests in options, the option premium shall not exceed 20% of the net assets of a Fund.

viii. Cash or cash equivalents with residual maturity of less than 91 days will not be treated as creating any exposure.

ix. Derivatives positions for hedging purposes will not be included in the aforesaid limits subject to compliance with the requirements mentioned in SEBI Regulations.

x. A Scheme may enter into plain vanilla interest rate swaps for hedging purposes with a counter party which is recognized as a market maker by RBI. Further, the value of the notional principal in such cases will not exceed the value of respective existing assets being hedged by a Scheme.

xi. In case of interest rate swaps, the exposure to a single counterparty shall not exceed 10% of the net assets of a Scheme.

xii. The exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limit mentioned in point (v).

- The investment of mutual fund schemes in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the schemes:
 - Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
 - Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

For this purpose, a group means a group as defined under regulation 2 (mm) of the Regulations and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates. Investment limits as mentioned in paragraph above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

- The AMC shall adhere to the following limits should it engage in Stock Lending:

1. Not more than 25% of the net assets of the Scheme can be deployed in Stock Lending.
2. Not more than 5% of the net assets of the Scheme can be deployed in Stock Lending to any single approved intermediary, i.e the limit of 5% will be at broker level.

The Mutual Fund may not be able to sell such lent out securities and this can lead to temporary illiquidity

The AMC / Trustee may alter these above stated restrictions from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective. The AMC/Trustee may from time to time alter these restrictions in conformity with the SEBI (MF) Regulations. Further, apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund may follow any internal norms vis-à-vis restricting/ limiting exposure to a particular scrip or sector, etc. All investment restrictions shall be applicable at the time of making investment.

Investment by AMC

The AMC reserves the right to invest its own funds in the Scheme as may be decided by the AMC from time to time and in accordance with clause 6.11 of SEBI Master Circular dated May 19, 2023 regarding minimum number of investors in the Scheme/ Plan. Under the Regulations, the AMC is not permitted to charge any investment management and advisory fees.

In accordance with Securities and Exchange Board Of India (Mutual Funds) (Second Amendment) Regulations, 2021, the AMC shall invest such amount in the scheme, based on the risk associated with the scheme. As specified in the clause 6.9 of SEBI Master Circular dated May 19, 2023, based on the risk profile of the Scheme, the AMC is required to invest not less than 0.13 percent of the AUM of the scheme. Such investment shall be maintained at all times and shall not be redeemed unless the scheme is wound up.

<p>Listing and Transfer of units</p>	<p>The Scheme is open ended and the Units are not proposed to be listed on any stock exchange. However, the Mutual Fund may, at its sole discretion, list the Units on one or more Stock Exchanges at a later date, and thereupon the Mutual Fund will make suitable public announcement to that effect.</p> <p>The Mutual Fund will offer and redeem Units on a continuous basis during the Continuous Offer Period. The Unit holders are given an option to hold the Units by way of an Account Statement (physical form) or in Dematerialized (demat form). Units held in Demat form are transferable (subject to lock-in period, if any and subject to lien, if any marked on the units) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996, as may be amended from time to time. Transfer can be made only in favor of transferees who are capable of holding Units and having a Demat Account. The delivery instructions for transfer of Units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode. Further, for the procedure of release of lien, the investors shall contact their respective DP.</p> <p>For units held in paper form, normally, units are not certified. However, if an applicant so desires to transfer units, the AMC, upon submission of documents which will be prescribed from time to time, shall certify the units and issue a fresh statement/certificate to the extent of certified units to the investor within 5 business days of the receipt of request. If the investor intend to transfer units, it could be done to the extent of certified units mandatorily using the statement/certificate issued post certification of units. Certificate/ statement issued post certifying of units must be duly discharged by the Unit holder(s) and surrendered along with the request for Transfer / Redemption / Switch or any other transaction of Units covered therein. AMC reserves the right to accept the request for certification of units. The AMC reserves the right to reject the application for transfer, post acceptance of the same, if any of the requisite documents /</p>

	<p>declarations are unavailable or incomplete.</p> <p>However, if a person becomes a holder of the Units consequent to operation of law or upon enforcement of a pledge, the Mutual Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Mutual Fund subject to production of satisfactory evidence.</p>

<p>Redemption Process</p>	<p>As per Clause 14.1 of SEBI Master Circular dated May 19, 2023, the redemption or repurchase proceeds shall be transferred to the unitholders not later than 3 working days from the date of redemption or repurchase, once the scheme opens for the same. The Unit Holder has the option to request for Redemption either in amount in rupees or in number of Units. Units purchased by cheque may not be redeemed until after realization of the cheque. In case the investor mentions the number of Units as well as the amount, then the amount will be considered for processing the Redemption request. In case the investor mentions the number of units or the amount in words and figures, then the value in words will be taken for processing the Redemption request. If the redemption request amount exceeds the balance lying to the credit of the Unitholder's said account, then the fund shall redeem the entire amount lying to the credit of the Unitholder's account in that Scheme/Option.</p> <p>If an investor has purchased Units on more than one Business Day, the Units purchased prior in time (i.e. those Units which have been held for the longest period of time), are deemed to have been redeemed first, i.e. on a First In First Out Basis.</p> <p>Where Units under a Scheme are held under both Regular and Direct Plan and the redemption / Switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Regular Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan</p> <p>a. Redemption through physical applications: A Transaction Slip or Common Transaction Form (CTF) can be used by the Unit Holder to request for Redemption. The requisite details should be entered in the Transaction Slip or CTF and submitted at an ISC. Transaction Slips or the CTF can be obtained from any of the ISCs.</p> <p>Payment of Proceeds Resident Investors: Redemption proceeds will be paid to the investor by way of transfer to bank account as available on the records of the Registrar.</p> <p>Physical despatch of redemption or repurchase proceeds shall be</p>

carried out only in exceptional circumstances as published by AMFI/ SEBI from time to time.

In case of physical dispatch, the bank name and bank account number, as specified in the Registrar's records, will be mentioned in the cheque/demand draft. The redemption proceeds will be sent by courier or (if the addressee city is not serviced by the courier) by registered post/UCP. The dispatch for the purpose of delivery through the courier / postal department, as the case may be, shall be treated as delivery to the investor. The AMC / Registrar are not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated in this paragraph.

Note: The AMC, at its discretion at a later date, may choose to alter or add other modes of payment. The Redemption proceeds will be sent by courier or (if the addressee city is not serviced by the courier) by registered post. The dispatch for the purpose of delivery through the courier / postal department, as the case may be, shall be treated as delivery to the investor. The AMC / Registrar is not responsible for any delayed delivery or non-delivery or any consequences thereof, if the dispatch has been made correctly as stated in this paragraph.

Non-Resident Investors

For NRIs, Redemption proceeds will be remitted depending upon the source of investment as follows:

(i) Repatriation Basis: When Units have been purchased through remittance in foreign exchange from abroad or by cheque / draft issued from proceeds of the Unit Holder's FCNR deposit or from funds held in the Unit Holder's Non Resident (External) account kept in India, the proceeds can be remitted to the Unit Holder in foreign currency (any exchange rate fluctuation will be borne by the Unit Holder). The proceeds can also be sent to his Indian address for crediting to his NRE / FCNR / Non-Resident (Ordinary) Account, if desired by the Unit Holder.

(ii) Non Repatriation Basis: When Units have been purchased from funds held in the Unit Holder's Non-Resident (Ordinary) Account, the proceeds will be sent to the Unit Holder's Indian address for crediting to the Unit Holder's Non-Resident (Ordinary) account.

For FPIs, the designated branch of the authorised dealer may allow remittance of net sale / maturity proceeds (after payment of taxes) or credit the amount to the Foreign Currency account or Nonresident Rupee account of the FPI maintained in accordance with the approval granted to it by the RBI. The Fund will not be liable for any delays or for any loss on account of any exchange fluctuations while converting the Rupee amount in foreign exchange in the case of transactions with NRIs / FPIs.

The proceeds may be paid by way of direct credit through which the investor's bank account specified in the Registrar's records is credited with the Redemption proceeds. The Direct Credit facility is available for specific banks with whom AMC have a tie up from time to time. Investors need to check with the AMC for an updated list of the Direct Credit Banks. Investors having bank mandates where the AMC has a Direct Credit facility will receive redemption / IDCW proceeds by way of Direct Credit only and not cheques.

The Fund may make other arrangements for effecting payment of Redemption proceeds in future.

Application through Stock Exchange Infrastructure (MFSS/ BSE StAR MF Platform):

Investors wishing to redeem their units held in demat mode in Scheme listed on MFSS and BSE StAR MF platform, can place their redemption request with the AMFI Certified Stock Exchange Brokers by providing Depository Instruction Slip with redemption details. The AMFI Certified Stock Exchange Broker will place the redemption order in the system and will provide a confirmation slip to the investor. The redemption proceeds will be directly credited to the investor's bank account, as per the bank account details recorded with the Depository Participant.

Application through Mutual Fund Website:

AMC has enabled facility to transact online in units of the schemes including by way of Redemption of Units by electronic mode through website www.iifl.com. transaction charges paid to distributors, as applicable. Investors may note that CAS will be issued on a monthly basis to all investors in whose folios transactions have taken place during the month concerned.

- For the purpose of sending CAS, common investors across mutual funds shall be identified by their PAN.
- For those investors / unit holders who have provided an e-mail address, CAS will be sent by way of an e-mail.
- In case of a specific request received from a Unit holder for a separate account statement, the AMC/Fund will provide such an account statement to the Unit Holder concerned, within 5 Business Days from the receipt of the request.
- In the event of inability to send CAS, for any reason whatsoever, or on receipt of specific requests from unit holders/investors, the AMC will send separate account statements.
- In the event of a folio having more than one registered holder, the first named Unit holder will receive the CAS / account statement.
- For folio(s) that are not updated with PAN details, it will not be possible to e-mail / mail CAS to the Unit holders concerned. It is therefore in the interest of Unit holders to ensure that their folios are updated with their PAN details.
- The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of Income Distribution cum Capital Withdrawal (IDCW Payout), Reinvestment of Income Distribution cum Capital Withdrawal (IDCW Reinvestment), systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.
- Consolidated account statement shall be issued every half yearly (September/March), on or before 21st day of succeeding month, providing the following information: -
 - holding at the end of the six months
 - The amount of actual commission paid by AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the concerned investor's total investments in each MF scheme.
 - Further, a mention may be made in such CAS indicating that the commission disclosed is gross commission and does not exclude costs incurred by distributors such as Goods and

Service Tax (wherever applicable, as per existing rates), operating expenses, etc. The scheme's average Total Expense Ratio (in percentage terms) for the half-year period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in. Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

- Investors having MF investments and holding securities in Demat account shall receive a single Consolidated Account Statement (CAS) from the Depository.
- Consolidation of account statement shall be done on the basis of Permanent Account Number (PAN). In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis.
- If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within fifteen days from the month end. In case, there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis.
- In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS. In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS. In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.
- The dispatch of CAS by the depositories would constitute compliance by the AMC/ the Fund with the requirement under Regulation 36(4) of SEBI (Mutual Funds) Regulations. However, the AMC reserves the right to furnish the account

	statement in addition to the CAS, if deemed fit in the interest of investor(s).
IDCW	<p>As per Clause 11.4 of SEBI Master Circular No. dated May 19, 2023, the IDCW shall be transfer to the Unitholders within 7 working days of the date of declaration of the IDCW.</p> <p>IDCW may also be paid to the Unitholder in any other manner viz., through ECS, Direct Credit or NEFT in to Bank account, RTGS facility offered RBI or through Banker's cheque, etc as the AMC may decide, from time to time for the smooth and efficient functioning of the Scheme.</p> <p>Please note that it is mandatory for the unitholders to provide the bank account details as per SEBI guidelines.</p>
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	Not applicable.
Applicability of Stamp Duty on Mutual Fund Transactions	Pursuant to Notification No. S.O. 4419(E) dated December 10, 2019, notification no. G.S.R. 19 (E) dated the January 8, 2020, Notification No. G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on mutual fund transactions including switches(excluding redemptions), with effect from July 01, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including Reinvestment of Income Distribution cum Capital Withdrawal (IDCW Reinvestment)) to the unitholders would be reduced to that extent. Further eligible transfer of dematerialised units will attract a stamp duty @0.015%.
Right to Limit Fresh Subscription	<p>The Trustees reserve the right to stop fresh subscription of units.</p> <p>The Trustees reserve the right at its sole discretion to withdraw/suspend the subscription of units in the Scheme temporarily or indefinitely, at the time of NFO or otherwise, if it is viewed that increasing the size of the Scheme may prove detrimental to the Unit holders of the Scheme. An order to purchase the Units is not binding on and may be rejected by the AMC unless it has been confirmed in writing by the AMC.</p>
Restrictions, if any, on the right	Suspension of Sale and Redemption of Units:

<p>to freely retain or dispose of units being offered.</p>	<p>Suspension of Sale and Redemption of Units Suspension or restriction of repurchase/ redemption facility under any scheme of the mutual fund shall be made applicable only after obtaining the approval from the Boards of Directors of the AMC and the Trustees.</p> <p>Additionally, the following requirements shall need to be observed before imposing restriction on redemptions:</p> <p>a) Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:</p> <ul style="list-style-type: none"> i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems. <p>b) Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.</p> <p>c) Any imposition of restriction would require specific approval of Board of AMC and Trustees and the same should be informed to SEBI immediately.</p> <p>d) When restriction on redemption is imposed, the following procedure shall be applied:</p> <ul style="list-style-type: none"> 1. No redemption requests up to INR 2 lakh shall be subject to such restriction. 2. Where redemption requests are above INR 2 lakh, AMCs shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction.
<p>Bank Account Details</p>	<p>As per the directives issued by SEBI, it is mandatory for applicants to mention their bank account numbers in their applications for purchase or redemption of Units. If the Unit-holder fails to provide the Bank mandate, the request for redemption would be</p>

considered as not valid and the Fund retains the right to withhold the redemption until a proper bank mandate is furnished by the Unit-holder and the provision with respect of penal interest in such cases will not be applicable/ entertained.

Multiple Bank Account Registrations:

In compliance with AMFI Best Practice Guidelines Circular No.17/2010-11 dated October 22, 2010, 360 ONE Mutual Fund offers its investors the facility to register multiple bank accounts in their folios to receive redemption / IDCW proceeds.

Registration of Multiple Bank Accounts in respect of an Investor Folio: An Investor can register with the Fund, upto 5 bank accounts in case of individuals and HUFs and upto 10 in other cases. Registering of Multiple Bank Accounts will enable the Fund to systematically validate the paying of funds and avoid acceptance of third party payments. For the purpose of registration of bank account(s), Investor should submit Bank Mandate Registration Form (available at the CSCs/ AMC Website) together with any of the following documents:

- a. Cancelled original cheque leaf in respect of bank account to be registered where the account number and names of the account holders are printed on the face of the cheque; or
- b. Bank statement or copy of Bank Pass Book page with the Investor's Bank Account number, name and address.;
- c. Bank letter / certificate on its letter head certifying the account holder's name, account number and branch address [Such letter / certification should be certified by the Bank Manager with his / her full name, signature, employee code.]

The above documents will also be required for change in bank account mandate submitted by the Investor. The AMC will register the Bank Account only after verifying that the sole/ first joint holder is the holder / one of the joint holders of the bank account. In case if a copy of the above documents is submitted, Investor shall submit the original to the AMC/ Service Centre for verification and the same shall be returned. In case of Multiple Registered Bank Account, Investor may choose one of the registered bank accounts for the credit of redemption/ IDCW proceeds (being "Pay-out bank account"). Investor may however, specify any other registered bank accounts for credit of redemption proceeds at the time of requesting for the redemption. Investor may change such Pay-out Bank account, as necessary, through written instructions. However, if request for redemption is received together with a change of bank account (unregistered new bank account) or before verification and validation of new bank account, the redemption

	<p>request would be processed to the currently registered default old bank account. For further details please refer to paragraph on 'Registration of Multiple Bank Accounts in respect of an Investor Folio' in the SAI</p> <p>Discontinuation of Change of Bank Account Mandate along with redemption/IDCW proceeds facility: Discontinuation of Change of Bank Account Mandate along with redemption/IDCW proceeds facility. In compliance with AMFI Best Practice Guidelines Circular No.17/2010-11 dated October 22, 2010, consequent to introduction of "Multiple Bank Accounts Facility," the existing facility of redemption/ IDCW proceeds with change of bank mandate is discontinued by the Fund w.e.f. November 15, 2010. New bank accounts can only be registered using the designated "Multiple Bank Account Registration Form". Further please note the following important points in this regard:</p> <p>(i) Proceeds of any redemption/IDCW will be sent only to a bank account that is already registered and validated in the folio at the time of redemption transaction processing.</p> <p>(ii) Unit holder(s) may choose to mention any of the existing registered bank accounts with redemption/ IDCW payment request for receiving redemption/IDCW proceeds. If no registered bank account is mentioned, default bank account will be used.</p> <p>(iii) If unit holder(s) provide a new and unregistered bank mandate or change of bank mandate request with a specific redemption/IDCW payment request (with or without necessary supporting documents) such bank account may not be considered for payment of redemption/IDCW proceeds, or the Fund may withheld the payment for upto 10 calendar days to ensure validation of new bank mandate mentioned.</p> <p>Valid change of bank mandate requests with supporting documents will be processed within 10 business days of necessary documents reaching the office of RTA and any financial transaction request received in the interim will be carried based on previous details only.</p>
<p>Cash Investments</p>	<p>Pursuant to Clause 16.7 of SEBI Master circular dated May 19, 2023, it is permitted to accept cash transactions to the extent of Rs. 50,000/- subject to compliance with Prevention of Money Laundering Act, 2002 and Rules framed there under and the SEBI Circular(s) on Anti Money Laundering (AML) and other applicable AML rules, regulations and guidelines. Provided that the limit shall be applicable per investor for investments done in a financial year across all schemes of the Mutual Fund, subject to sufficient systems and procedures in place for such acceptance. However, any form of repayment either by way of redemption, IDCW, etc. with respect to such cash investment shall be paid only through</p>

	<p>banking channel.</p> <p>The Asset Management Company is in process of implementing adequate systems and controls to accept Cash Investment in the Scheme. Information in this regard will be provided to Investors as and when the facility is made available.</p>
<p>Creation of Segregated Portfolio</p>	<p>In case of a credit event at issuer level and to deal with liquidity risk, the AMC may create a segregated portfolio of debt and money market instruments under the Scheme in compliance with the clause 4.4 of SEBI Master Circular dated May 19, 2023, as amended from time to time.</p> <p>In this regard, the term 'segregated portfolio' shall mean a portfolio comprising of debt or money market instrument affected by a credit event, that has been segregated in a mutual fund scheme, the term 'main portfolio' shall mean the scheme portfolio excluding the segregated portfolio and the term 'total portfolio' shall mean the scheme portfolio including the securities affected by the credit event.</p> <p>The AMC may create a segregated portfolio in a mutual fund scheme in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:</p> <ol style="list-style-type: none"> a. Downgrade of a debt or money market instrument to 'below investment grade', or b. Subsequent downgrades of the said instruments from 'below investment grade', or c. Similar such downgrades of a loan rating. <p>In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as detailed above and implemented at the ISIN level. Creation of segregated portfolio shall be optional and at the discretion of the AMC. The AMC shall decide on creation of segregated portfolio on the day of the credit event. Further, the AMC shall seek approval of the Trustees prior to creation of the segregated portfolio.</p> <p>Creation of segregated portfolio of unrated debt or money market instruments by mutual fund schemes of an issuer that does not have any outstanding rated debt or money market instruments, subject to the following:</p>

a. Segregated portfolio of such unrated debt or money market instruments may be created only in case of actual default of either the interest or principal amount.

b. Asset Management Companies are required to inform AMFI immediately about the actual default by the issuer. Upon being informed about the default, AMFI shall immediately inform the same to all AMCs. Pursuant to dissemination of information by AMFI about actual default by the issuer, 360 ONE AMC may segregate the portfolio.

Risks associated with segregated portfolio:

The unit holders may note that no redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in the segregated portfolio, the AMC shall enable listing of units of segregated portfolio on the recognized stock exchange.

The risks associated in regard to the segregated portfolio are as follows:

- The investors holding units of the segregated portfolio may not be able to liquidate their holdings till the time of recovery of money from the issuer.
- The security comprising the segregated portfolio may not realize any value.
- Listing of units of the segregated portfolio on a recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units of the segregated portfolio on the stock exchange.
- The trading price of units on the stock exchange may be significantly lower than the prevailing Net Asset Value (NAV) of the segregated portfolio.

Process for Creation of Segregated Portfolio

a) AMC shall decide on creation of segregated portfolio on the day of credit event/receipt of information about actual default of unrated debt or money market instruments (credit event), as per the process laid down below:

i. The AMC shall seek approval of Trustees, prior to creation of the segregated portfolio.

ii. The AMC shall immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. It shall also be disclosed that the

segregation shall be subject to trustee approval. Additionally, the said press release shall be prominently disclosed on the website of the AMC

iii. The AMC shall ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.

b) Once trustee approval is received by the AMC:

The segregated portfolio shall be effective from the day of credit event.

The AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI

An e-mail or SMS shall be sent to all unit holders of the concerned scheme

The NAV of both segregated and main portfolio shall be disclosed from the day of the credit event

All existing investors in the scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio

No redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, the AMC shall enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests

c) If the trustees do not approve the proposal to segregate portfolio, the AMC shall issue a press release immediately informing investors of the same.

Valuation and processing of subscriptions and redemptions:

a) Notwithstanding the decision to segregate the debt and money market instrument, the valuation shall take into account the credit event and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder.

b) All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be

processed as per the existing circular on applicability of NAV as under:

i. Upon trustees' approval to create a segregated portfolio:

o Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.

o Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.

ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Disclosures:

In order to enable the existing as well as the prospective investors to take informed decision, the following shall be adhered to:

a) A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio.

b) Adequate disclosure of the segregated portfolio shall appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the scheme

c) The Net Asset Value (NAV) of the segregated portfolio shall be declared on daily basis.

d) The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc

e) The scheme performance required to be disclosed at various places shall include the impact of creation of segregated portfolio. The scheme performance should clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery(ies), if any, shall be disclosed as a footnote to the scheme performance.

f) The disclosures at paragraph (d) and (e) above regarding the segregated portfolio shall be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/ written-off

g) The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated

portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.

TER for the Segregated Portfolio:

a) The AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio

b) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence

c) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC

d) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Monitoring by Trustees:

In order to ensure timely recovery of investments of the segregated portfolio, trustees shall ensure that:

i. The AMC puts in sincere efforts to recover the investments of the segregated portfolio.

ii. Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.

iii. An Action Taken Report (ATR) on the efforts made by the AMC to recover the investments of the segregated portfolio is placed in every trustee meeting till the investments are fully recovered/ written-off.

iv. The Trustees shall monitor the compliance of SEBI requirements and disclosure in this respect shall be made in half-yearly trustee reports filed with SEBI.

In order to avoid mis-use of segregated portfolio, the Trustees have ensured to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment

Officers (CIOs), etc. involved in the investment process of securities under

the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the scheme.

Please note that the process followed by the AMC regarding creation of segregated portfolios shall be in accordance with the provisions laid down by SEBI from time to time.

Systematic Investment Plan (SIP)

This facility enables investors to save and invest periodically over a longer period of time. It is a convenient way to “invest as you earn” and offers the investor an opportunity to enter the market regularly, thus averaging the acquisition cost of Units. SIP allows investors to invest a fixed amount of Rupees on specific dates every month or quarter by purchasing Units of the Scheme at the Purchase Price prevailing at such time. Any unit holder can avail of this facility subject to certain terms and conditions contained in the Application form. The SIP payments can be made by availing the Auto Debit Facility through ECS and Direct Debit. SIP for investments is available at weekly, fortnightly, monthly and quarterly frequencies. Following are the details of minimum amount and default dates:

Frequency	Minimum amount and instalments	Dates	Default dates
Weekly*	Rs. 1000 per instalment for a minimum period of 6 weeks	Every Tuesday	-
Fortnightly*	Rs. 1000 per instalment for a minimum period of 6 fortnights	2 nd & 16 th of every month	-
Monthly	Rs. 1000 per instalment for a minimum period of 6 months	Any date: 1 st to 28 th	7 th of every month
Quarterly	Rs. 1000 per instalment for a minimum period of 6 quarters	Any date: 1 st to 28 th	7 th

Note:* Weekly and Fortnightly SIP frequencies are not available on BSE STAR MF platform.

If frequency of SIP is not mentioned, the default frequency will be Monthly.

FACILITY OF NATIONAL AUTOMATED CLEARING HOUSE (NACH) PLATFORM

In addition to existing facility available for payments through Electronic Clearing Service (ECS)/Direct Debits/ Postdated cheques/Standing Instructions for investments in SIP, the unit holders can now also make payment of SIP instalments through NACH facility. NACH is a centralized system, launched by National Payments Corporation of India (NPCI) with an aim to consolidate multiple Electronic Clearing Service (ECS) mandates. This facility will enable the unit holders of the Fund to make SIP investments through NACH by filling up the SIP Registration cum mandate form. A Unique number will be allotted to every mandate registered under NACH called as Unique Mandate Reference Number (“UMRN”) which

can be used for SIP transactions. The NACH facility shall be available subject to terms and conditions contained in the SIP registration Mandate Form and as prescribed by NPCI from time to time.

The load structure prevailing at the time of submission of the SIP application (whether fresh or extension) will apply for all the installments indicated in such application. Investors should note that an application for SIP should be submitted at any of the AMC/CAMS Investor Service Centres as listed in the application form. For applicable load on Purchases through SIP, please refer to the Section IV, Fees and Expenses, sub-section

Micro SIP

SIPs upto Rs. 50,000/- per year per investor i.e. aggregate of installments in a rolling 12 month period or in a financial year shall be referred to as 'Micro SIP'. For further details on Micro SIP, please refer to SAI and the SIP Application Form.

SIP STEP UP facility:

SIP STEP-UP Facility provides flexibility to Investors to increase the amount of the SIP instalment by a fixed amount at pre-defined intervals during the tenure of the SIP. The features and terms and conditions applicable to this Facility are as follows:

1. SIP STEP-UP frequency in case of investors availing Monthly SIP facility will be half yearly and yearly.
2. SIP STEP-UP frequency in case of investors availing Quarterly SIP facility will be yearly.
3. In case the SIP STEP-UP frequency is not indicated under Monthly SIP, it will be considered as yearly interval.
4. This facility will allow investors (including existing investors) to opt for STEP-UP in their SIP, which are routed through electronic mode only (the STEP-UP Facility is not available for SIP through post-dated cheques).
5. Investors/unit holders subscribing for the STEP-UP facility are required to submit the request at least 30 days prior to the SIP date. In case the request is not received at least 30 days prior to the SIP date, the STEP-UP will be applicable from the next effective SIP instalment.
6. The minimum STEP-UP amount is Rs. 100/- and in multiples of Rs. 100/- thereafter.
7. Default STEP-UP amount: If the investor does not specify the STEP-UP amount, the default amount for STEP-UP will be considered as Rs. 100/-, and the application form shall be processed accordingly.
8. Once enrolled in case the Investor wants to modify the STEP-UP details, the investor must cancel the existing SIP STEP-UP and enroll for a new SIP STEP-UP with the desired STEP-UP details.
9. SIP STEP-UP will not be allowed in case of Micro Investments.
10. STEP-UP Cap Amount: Investor has an option to freeze the SIP STEP-UP amount once it reaches a fixed predefined amount.
11. Maximum amount: It is the upper most limit per transaction set by the investor for his registered bank account to be debited through the One Time Mandate (OTM). If the maximum amount set in the OTM is less than the Cap amount, a new OTM needs to be registered with the

revised maximum amount. Till the time a revised OTM with change in maximum amount is submitted, the existing maximum amount will be considered as the STEP-UP Cap amount. Along with new OTM, a revised STEP-UP form also needs to be submitted with the STEP-UP Cap amount.

12. In case the SIP frequency is perpetual then the investor has to mention the STEP-UP Cap amount.
13. This facility is not available on NSE MFSS/ BSE STAR MF and MFU platforms.
14. All other terms & conditions applicable for regular SIP Facility will also be applicable to STEP-UP Facility.

SIP Pause facility:

Unitholders will also have an option to temporarily pause the SIP instalments for a specific period of time. Upon expiry of the specified period, the SIP installments would re-start automatically.

The important terms and conditions of the Facility are as follows:

1. The facility shall be available only for SIPs registered under monthly and quarterly frequencies.
2. Investor / unit holders can opt for the facility only once during the tenure of the SIP.
3. The minimum gap between the pause request and next SIP installment date should be at least 15 calendar days.
4. The facility shall get activated from immediate next eligible installment from the date of receipt of SIP Pause request.
5. The facility can be opted for minimum 1 installment and up to a maximum of 3 installments.
6. The facility shall not be available for SIP registered through Mutual Fund Utility (“MFU”).
7. The facility will be available through submission of physical form, website of 360 ONE Mutual Fund, BSE and NSE (NMF II & MFSS) mode.
8. In case of SIP Step-Up registered in a folio, if the next SIP Step-Up installment falls during the SIP Pause period, the SIP installment after the completion of Pause period will be inclusive of such SIP Step-up amount. For eg. If current installment amount is 3000, if the SIP pause period is 15.03.2023 to 15.05.2023 and the next SIP Step-Up falls on 31.03.2023 for an amount of 2000. The SIP installment after the end of Pause period i.e. on 15.06.2023 will be 5000.
9. SIP pause cancellation request must be submitted at least 15 days prior to the next SIP installment date.
10. AMC / Trustee reserves the right to amend the terms and conditions of the facility and / or withdraw the said facility.
11. All other terms and conditions of SIP facility will remain unchanged.

b. Systematic Transfer Plan (STP)

This facility enables the unitholders to switch an amount from their existing investments in a Scheme/Option of the Fund, which is available for investment at that time at periodic intervals through a one time request. The switch can be made either daily, weekly, fortnightly or monthly. Under this facility the switch by the unit holders should be within the same account/folio number. The unitholder has to fulfill the following criteria in order to avail of the Systematic Transfer Plan –

- a) A Unit Holder has to have a minimum balance of Rs. 10,000/- in a scheme

b) the minimum amount is Rs. 1000 and in multiples of Rs. 1 thereafter

c) A minimum of 6 such transfers have to be submitted for the STP

The transfer will be effected by way of a switch, i.e. redemption of Units from one Scheme and investment of the proceeds thereof, in the other Scheme at the then prevailing terms of both Scheme. All transactions by way of STP shall, however, be subject to the terms (other than minimum application amount) of the target Scheme. A Unit Holder who opts for an STP has the choice of switching (i) a fixed amount or (ii) an amount equal to the periodic appreciation on his/her/its investment in the Scheme from which the transfer is sought, as detailed below:

Fixed Amount Option

Under this alternative, a Unit Holder may switch a fixed amount of at least Rs. 1,000/- per transaction and the 'STP Date' for the switch will be as under.

a) where a daily STP is opted for, the commencement date for transfers shall be the 5th working day from the date of receipt of a valid request and thereafter, transfers shall be effected on all business days at NAV based prices, subject to applicable load;

b) where a weekly STP is opted for, the STP Days* shall be Monday to Friday. Default day will be Tuesday;

c) where a fortnightly^ STP is opted for, the STP Date* shall be the 1st, 7th, 14th or 21st, as the case may be. Default Date – 1st and 14th;

For example, if the investor selects 1st then the next date could be 14th or if he selects 7th then the next date could be 21st of the month;

d) where a monthly STP is opted for, the STP Date* shall be the 1st to 28th of the month
Default Date will be 7th.

^Fortnightly STP Frequency are not available on BSE STAR MF and NSE NMF II. STP feature is not available on NSE MFSS Platform.

****In case any of these days fall on a non-business day, the transaction will be effected on the next business day of the Scheme.***

The Units in the Scheme/Option from which the switch – out is sought will be redeemed at the Applicable NAV of the Scheme/Option on the respective dates on which such switches are sought and the new Units in the Scheme/Option to which the switch – in is sought will be created at the Applicable NAV of such Scheme/Option on the respective dates. In case the day on which the transfer is sought is a non-business day for the Scheme, the same will be processed on the immediately following business day.

Appreciation Option

Under this option, the Unitholder can seek switch of an amount equal to the periodic appreciation on the investment. This facility is available only under monthly frequency. Under this option the Unit holder switches only proportionate number of Units, which when multiplied by the applicable NAV is, in amount terms equal to the appreciation in the investment over the last month.

The investor has to mention a “Start Date”. The ‘STP Date’ available under this alternative are 1st, 7th, 14th or 21st of the month. The first switch will happen after one month from the start date. In case the investor purchases additional Units, the amount to be switched would be equal to the appreciation generated on such Units, provided the appreciation is atleast Rs. 1000/-. In the absence of any appreciation or appreciation less than Rs. 1000/- as mentioned above, the switch under this option will not be made for that month. The Units in the Scheme/ Option from which the switch – out is sought will be redeemed at the Applicable NAV of the Scheme/Option on the respective dates on which such switches are sought and the new Units in the Scheme/ Option to which the switch – in is sought will be allotted at the Applicable NAV of such Scheme/Option on the respective dates. In case the day on which the transfer is sought is a non-business day for the Scheme, the same will be processed on the immediately following business day.

c. Systematic Withdrawal Plan (SWP)

This facility enables the Unitholders to withdraw sums from their Unit accounts in the Scheme at periodic intervals through a one-time request. The withdrawals can be made on Monthly basis on 1st, 7th, 14th or 21st of every month. This facility is available in two options to the Unitholders:

Fixed Option:

Under this option, the Unitholder can seek redemption of a fixed amount of not less than Rs. 1000/- and in multiples of Rs. 1 from his Unit account. In this option the withdrawals will commence from the Start Date (being one of the dates indicated above) mentioned by the Unitholder in the Application Form for the facility. The Units will be redeemed at the Applicable NAV of the respective dates on which such withdrawals are sought. In case the day on which the withdrawal is sought is a non-business day for the Scheme, the same will be processed on the immediately following business day.

Appreciation Option:

Under this option, the Unitholder can seek redemption of an amount equal to a periodic appreciation on the investment. The Unitholder redeems only such number of Units, which when multiplied by the Applicable NAV is, in amount terms equal to the appreciation in his investment over the last month provided the appreciation is atleast 1000/-. In the absence of any appreciation or appreciation less than 1000/- as mentioned above, the withdrawal under this option will not be made for that month. The investor would need to indicate in his systematic withdrawal request, the commencement / start date from which the appreciation in investment value should be computed.

The withdrawal will commence after one month from the commencement / start date mentioned by the Unitholder in the application Form and can, at the investor’s discretion be on 1st, 7th, 14th or 21st of the month. The Units will be redeemed at the Applicable NAV of the respective dates on which such withdrawals are sought. In case the day on which the withdrawal is sought is a non business day for the Scheme, the same will be processed on the immediately following business day. In case the investor purchases additional Units, the withdrawal amount would include the appreciation

generated on such Units as well. In the absence of any appreciation or appreciation less than Rs. 1000/-, the redemption under this option will not be made.

Note: Investors who avail of SIP, SWP or STP facility can at any time opt out of the facilities or can purchase, redeem or switch outside these facilities at their convenience.

D. COMPUTATION OF NAV

NAV of units under the Scheme shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets – Current Liabilities and Provision (including accrued expenses)}}{\text{No. of Units outstanding under Scheme/Plan on the Valuation Date}}$$

The NAV will be calculated up to four decimals. The first NAV will be calculated and announced not later than 5 workings days from the date of allotment in the NFO. Thereafter, the NAV shall be calculated for close of each working day. The computation of NAV shall be in conformity with SEBI Regulations and guidelines as prescribed from time to time. The Direct Plan under the Scheme will have separate NAV. Separate NAV will be calculated and disclosed for each option. The NAVs of the growth option and the Income Distribution cum Capital Withdrawal will be different after the declaration of the first IDCW.

Illustration for Computation of NAV:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments + Current Assets – Current Liabilities and Provision (including accrued expenses)}}{\text{No. of Units outstanding under Scheme/Plan on the Valuation Date}}$$

$$1.109 = \frac{10,01,00,000.00 + 10,00,000.00 - 10,000.00}{1,00,00,000.00} = \frac{10,10,90,000.00}{1,00,00,000.00}$$

IV. FEES AND EXPENSES

This section outlines the expenses that will be charged to the Scheme.

A. NEW FUND OFFER (NFO) EXPENSES

Expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc. All initial issue expenses pertaining to NFO will borne by the AMC.

B. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below. Further, as per clause 10.1.12 (a) of SEBI Master Circular dated May 19, 2023, all scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits.

As per AMFI letter no. 35P/ MEM-COR/ 85-a/ 2022-23 dated March 02, 2023 on B-30 Incentive Mechanism, AMC has been advised to keep the B-30 incentive structure in abeyance with effect from March 01, 2023 till any further guidelines regarding necessary safeguards are issued by SEBI.

As per Regulation 52 (6) (c) of SEBI Regulations, the maximum annual scheme recurring expenses including the investment management fees that can be charged to the Scheme is as follows:

Daily Net Assets(Rs.)	on the first Rs.500 crores	on the next Rs.250 crores of the daily net assets	on the next Rs. 1,250 crores of the daily net assets	on the next Rs. 3,000 crores of the daily net assets	on the next Rs. 5,000 crores of the daily net assets	On the next Rs. 40,000 crores of the daily net assets	On balance of the assets
% per annum	2.00%	1.75%	1.50%	1.35%	1.25%	Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof	0.80%

In addition to total expense limits mentioned above, the AMC may charge the following in terms of Regulation 52(6A) of SEBI Regulations:

- Additional expenses not exceeding of 0.30% of daily net assets for inflows from specified cities, as may be specified by SEBI from time to time.
- Brokerage and transaction costs (including Goods and Service Tax) which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions.
- Additional expenses incurred towards different heads mentioned under Regulations 52(2) and 52(4) of SEBI Regulations, not exceeding 0.05 per cent of daily net assets of the scheme.

The AMC has estimated the following annual recurring expenses on daily net assets of the Scheme. Further, any change in the expense ratio will be updated on our website and the same will be communicated to investor via SMS / e-mail 3 working days prior to the effective date of change. For the actual current expenses being charged, the investor should refer to the website: <http://www.iifl.com/expenses-ratio>:

Maximum total expense ratio (TER) permissible under Regulation 52 (6)(c)(i) & (6) (a)	Upto 2.00%
§Additional expenses under regulation 52 (6A) (c)	Up to 0.05%
^Additional expenses for gross new inflows from specified cities	Up to 0.30%

These estimates of Investment Management Fees and Expenses have been made in good faith as per the information available to the Investment Manager and are subject to change inter-se, which may be more or less than estimated above. Any expenditure in excess of the said prescribed limit shall be borne by the AMC.

*In addition to expenses under Regulation 52 (6) and (6A) of SEBI Regulations, AMC may charge Goods and Service Tax on Investment Management and Advisory Fees, expenses other than Investment Management and Advisory Fees and brokerage and transaction cost as below:

- a. Goods and Service Tax on Investment Management and Advisory Fees:
AMC may charge Goods and Service Tax on Investment Management and Advisory Fees of the Scheme in addition to the maximum limit of TER as per the Regulation 52(6) and (6A) of SEBI Regulations.
- b. Goods and Service Tax on expenses other than Investment Management and Advisory Fees:
AMC may charge Goods and Service Tax on expenses other than Investment Management and Advisory Fees of the Scheme, if any within the maximum limit of TER as per the Regulation under 52(6) and (6A) of SEBI Regulations.
- c. Goods and Service Tax on brokerage and transaction cost:
The Goods and Service Tax on brokerage and transaction costs which are incurred for the purpose of execution of trade, will be within the limit of prescribed under Regulation 52 of SEBI Regulations.

^ Expenses not exceeding of 0.30 % of daily net assets, if the new inflows from retail investors from such cities as specified by the SEBI, from time to time are at least:

- 30 per cent of the gross new inflows into the scheme, or;
- 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher;

Provided that if inflows from such cities are less than the higher of the above, such expenses on daily net assets of the scheme shall be charged on proportionate basis. Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities. Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment. Inflows of amount upto Rs 2,00,000/-per transaction, by individual investors shall be considered as inflows from "retail investor." It may be noted that these expenses shall be charged as may be permitted by SEBI from time to time.

\$ In terms of clause 10.1.7 of SEBI Master Circular dated May 19, 2023, in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses.

"Direct plan shall have a lower expense ratio excluding distribution expenses, commission etc. and no commission shall be paid from such plan."

ILLUSTRATION OF IMPACT OF EXPENSE RATIO ON SCHEME' S RETURN:

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses	1,500	1,500
Expenses other than Distribution Expenses	150	150
Distribution Expenses	50	-
Returns after Expenses at the end of the Year	1,300	1350

The purpose of the above illustration is to explain the impact of expense ratio of the scheme. Above calculation are bases on assumed NAV and Expenses. The actual NAV, expenses and return on your investment may be more or less.

C. LOAD STRUCTURE & TRANSACTION CHARGE

a) Load Structure

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the Scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC www.iiflmf.com or may call at toll free no. 1800-2108-606 or your distributor.

Type of Load	Load chargeable (as % of NAV)
Entry	Nil
Exit	<ul style="list-style-type: none"> Redemption / switch-out of 10% of amount invested on or before completion of 12 months from the date of allotment- NIL exit load. Redemption/ switch out in excess of the 10% of amount invested on or before completion of 12 months from the date of allotment –1.00% exit load. Nil - if redeemed after 12 months from the date of allotment

The entire exit load (net of Goods and Service Tax) received shall be credit back to the Scheme.

- No exit load shall be levied for switching between Options under the same Plan within the Scheme.
- Switch of investments from Regular Plan to Direct Plan under the same Scheme/ Plan shall be subject to applicable exit load, unless the investments were made directly i.e. without any distributor code. However, any subsequent switch-out or redemption of such investments from Direct Plan will not be subject to any exit load.
- No exit load shall be levied for switch-out from Direct Plan to Regular Plan under the same Scheme/ Plan. However, any subsequent switch-out or redemption of such investment from Regular Plan shall be subject to exit load based on the original date of investment in the Direct Plan.
- No Exit load will be levied on Units allotted on Re-investment of Income Distribution cum Capital Withdrawal.
- In case of Systematic Transactions such as Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), Exit Load, if any, prevailing on the date of registration / enrolment shall be levied.

b. Transaction charge:

In terms of clause 10.5 of SEBI Master Circular dated May 19, 2023, as amended from time to time, in case of purchases/subscriptions/new inflows only (lump sum and SIP), of Rs.10,000/ – and above per subscription; transaction charge shall be levied and be paid to the distributors/ brokers (who have opted to receive transaction charges based on ‘type of the Product’) in respect of applications routed through them, subject to the following:

- For Existing / New investors: Rs.100 / Rs.150 as applicable per subscription of Rs.10,000/ – and above;
- Transaction charge for SIP shall be applicable only if the total commitment through SIP amounts to Rs.10,000/ - and above. In such cases the transaction charge would be recovered in maximum 3/4 successful installments.
- There shall be no transaction charge on subscription below Rs.10,000/-.
- There shall be no transaction charges on direct investments.
- There shall be no transaction charges in case of Switch, DTP, STP, SWP.

The Transaction Charge as mentioned above shall be deducted by AMC from the subscription amount of the unit holder and paid to the distributor. The balance amount shall be invested in the Scheme.

The upfront commission on investment made by the investor, if any, shall be paid to the AMFI registered distributor directly by the investor, based on the investor’s assessment of various factors including service rendered by the distributor.

Calculation of transaction charge and balance subscription amount in case of subscription routed through distributor is explained as follows:

(In INR)

Subscription Amount (A)	For existing investors in a Mutual Fund		For first time investor in Mutual Funds	
	Transaction charge (B)	Balance Subscription Amount (A-B)	Transaction charge (C)	Balance Subscription Amount (A-C)
10,000	100	9900	150	9850
9,999	NIL	9999	NIL	9999
10,00,000	100	999900	150	999850

Note: Balance subscription amount will be invested and Units will be allotted at applicable NAV per unit for the balance subscription amount on an on-going basis.

Under the Scheme, the AMC reserves the right to change/modify/alter the load structure if it so deems fit in the interest of smooth and efficient functioning of the Scheme, subject to maximum limits as prescribed under the SEBI Regulations.

Any imposition or enhancement in the load structure shall apply on a prospective basis and in no case the same would affect the existing investors adversely. Units issued on reinvestment of IDCWs shall not be subject to load.

The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure, AMC will issue an addendum and display it on the website/Investor Service Centres.

At the time of change in load structure in future, the AMC will take following steps:

- The addendum detailing the changes shall be attached to SID and Key Information Memorandum (KIM). The addendum will be circulated to all the distributors so that the same can be attached to all SID and KIM already in stock.
- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all investor service centres and distributors/brokers offices.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- The Fund shall display the addendum on its website (www.iiflmf.com)
The Redemption Price however, will not be lower than 95% of the NAV.

D. WAIVER OF LOAD FOR DIRECT APPLICATIONS

Not Applicable - Pursuant to clause 10.4 of SEBI Master Circular dated May 19, 2023 no entry load will be charged for purchase / additional purchase / switch-in accepted by the Fund with effect from August 01, 2009.
